## NOTES ON PLUSH PRICES

- Prices shown are considered the base price: meaning, it is the cost for the simplest and easiest type of item for that size.
- Some full custom types (e.g., the "Mini Me"), have an automatically higher base price and/or size.
- "Pattern altered custom" simply means a pattern I have already made that you need slightly altered. Any major changes in shape will change this to a full custom.
- Sizes marked with a star (\*) are not available for some designs or ideas due to complexity.
- These are not the only types and sizes available! please reach out for more options.

## FURSUIT QUOTES

### Free Quotes

- Free quotes are great for getting a price estimate to save up.
- Consist of a quick sketch of part(s) requested, along with a rough estimate of the price. Pricing should be within \$200 of the final price.
- This type of quote is not mandatory for a commission slot.

### \$5 Quotes

- A \$5 quote is mandatory for a fursuit/ear project to begin
- These consist of a lined or lineless fully-colored drawing of the part(s) requested.
- In this quote type, I search up specific color fabrics and accessories, as well as spend more time on accurate pricing.

## NOTES ON FURSUIT PRICES

### General

- Base Prices shown account for 1 color simple shaped commissions. Each additional color will be 25 USD. Complexity fees vary.
- If you need your suit by a certain date, please let me know in advance the hard deadline.
- Fully paid off suits will take priority over partial payments.
- The “Common Add-ons” section is not all of the items I can do. Please ask if you have something in mind, no matter how crazy!

## Heads

- Fursuit heads made by Fablebound Thicket are fully lined; generally with black athletic fabric. You may request another color.
- All fursuit heads are currently made from a bucket head/foam base. I will be experimenting with 3D printed bases in the future.

## Tails

- Tails longer than short are priced with the “super motion” engineering the total. Your tail will be able to “wag” due to a foam base instead of stuffing.
- Extra long tails will not touch the floor unless requested. If tails touch the floor, the wagger motion is eliminated automatically. Therefore, floor-dragger tails will be stuffed.

## Paws

- I am able to do both 4- and 5-finger paw patterns. Please ask if you have something specific in mind.
- I am willing to experiment with unique shapes and ideas, so please feel free to ask!

## \*Feetpaws/Sockpaws/Armsleeves\*

- These items are currently being offered at a discount due to my little experience. However, I do not list them unless I feel comfortable making them. Enjoy the sale while it lasts!

## OTHER COMMISSIONED ITEMS

### NOTES ON OTHER ITEMS

#### General

- Some Items that I offer on commission that are not included in the above categories are:
  - Patches
  - Bags
  - Clothing:
    - Skirts
  - Embroidered Items
- I will be expanding my reach, especially in the clothing commissions, if there is interest.
- I am open to making most any sewn item, so just ask!
- Prices range on each of these items greatly, so please message or email me for more accurate pricing.
